Subject: Me Today Limited (**MEE**) – Clarification of NTA Figure

Message:

NZX Market Operations (**NZXO**) wishes to clarify an issue identified with the Net Tangible Asset (**NTA**) figure provided by Me Today Limited (**MEE**) in the Results Announcement released to market on 26 May 2020. In that Results Announcement, MEE incorrectly stated NTA per Quoted Equity Security of **\$0.0230**. The correct NTA figure for MEE for the relevant Results Announcement is **\$0.0023** per share.

MEE today have announced the NTA has now been updated to reflect the share consolidation and capital raise. The NTA at 31 July is **\$0.0202**, this has now been updated in NZX systems.

For further information please refer to the announcement released by MEE at 8.30am today.
